## An Introduction to NuSkin

**As the premier anti-aging, direct selling company, we set the standard.**

Since 1984, Nu Skin has demonstrated a distinctively different approach to business. We began with an innovative concept of premium quality products and a uniquely compelling global business opportunity. This exceptional business model has shaped our company into a more than one billion dollar enterprise that still remains true to its core values.

- Nu Skin has a new person that has earned over one million dollars in commissions every 10 days
- 66% of our newly qualified top leaders have been with the company 5 years or less

## Health and Wellness

Health and Wellness is first and foremost a choice to assume responsibility for the quality of your life.

It begins with a conscious decision to shape a healthy lifestyle. Wellness is a mind set, a predisposition to adopt a series of key principles in varied life areas that lead to high levels of well-being and life satisfaction.

“Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.”

“Wellness is a multidimensional state of being describing the existence of positive health in an individual as exemplified by quality of life and a sense of well-being.”

## Products

Our difference is demonstrated through our products. As an anti-aging leader, our innovative products offer exclusive benefits that can be demonstrated. Our brands offer a wide variety of opportunities that improve lives around the world.

At Nu Skin, our approach to anti-aging is more than skin deep. We understand that looking and feeling your best at every age is impacted by more than just great skin care products. It means wellness and health management - critical internal factors that impact not just the way you feel but the way you look as you age. From the inside out and from the outside in, Nu Skin's products offer vitality, beauty, and longevity.

A commitment to innovation has guided Nu Skin in the development of cutting edge products to position itself as a leader in anti-aging. Today, we are taking another step forward and using the latest scientific innovations to better understand the basic roots of aging.

In addition to treating the signs and symptoms, we now understand ultimate causes or sources of aging—our genes.

**With this new approach we are better able to deliver truly remarkable and exclusive products.**
